Team Sheet

Players playing up

There have been a few team sheet errors regarding players playing up. Please find the regulation below with highlighted areas that are the issue.

A1.1 Where a player plays for a team other than the one in which he/she is registered, his/her registered team and grade must be shown on the Team Sheet for competitive games. **Failure to correctly indicate on the team sheet that a player is playing in a higher grade will result in the player being deemed ineligible.** (Miniroos games are exempt but Miniroos players playing up in Competitive Grades are not exempt) and must be listed.

A1.2 Players may play in a higher age group or division, throughout the regular season subject to:

- a) No more than five (5) players can play in a higher age group or division in a single match.**
- b) Note:
 - i) G17 and G18 players can play up to any AAM or PL Division (subject to Registration Regulations Paragraph B12.4);
 - ii) G35 Players can play in any AAM Division; and
 - iii) G45 can play in any G35 or AAM Division.
- c) No players in a team should be left out of the team for a match for players to participate under A7.4. Any team that has been deemed by BDAFA to have done so will forfeit the match and be fined under the regulations.
